

F. B. CATE REAL ESTATE AGENCY

The money you throw away in poor speculations would be better invested in real property which stays where it is put. You who do not own your home, figure up the amount you have spent in rent during your life. Better use paper and pencil, for it may prove to be an arithmetical problem. Now you can see for yourself what a poor investment your so-called home has been.

THIS HOUSE is a bargain. It is on John Street. Contains six rooms closets and pantry. It has a nice bath-room with hot water connection, hard wood finish, has been recently painted and shingled. Suit Brought for Alleged Negligence.

A negligence suit for the recovery of \$5,000 damages for alleged personal injuries has been brought by David W. Williams of Pawlet, against Eugene R. Norton and James E. Norton, owners of a slate quarry at Pawlet. In the writ the plaintiff claims that through the negligence of the defendants the cable on which the rubbish car was run broke while a car was being hoisted out of the quarry, thus letting the car slide back into the pit with great force. According to the plaintiff's claim he was struck by the car and badly injured, both arms being broken and his back permanently injured. The case is returnable at the September term of the Rutland county court.

Death of Norwich Graduate.

R. S. Warren received a telegram on Thursday afternoon, calling him to New York, as his son, Dean C. Warren, was dying. Mr. Warren went to Waterbury to take the midnight train and there received a telegram saying that his son was dead and that the body would be brought to Stowe as soon as arrangements could be made. No cause was given. Dean C. Warren was the oldest son of R. S. Warren and was born in Stowe in 1874. He was graduated from the People's academy in Morrisville in 1893, having taken the four years' course in three years and ranked second in his class. He then took the four years' course of civil engineering at Norwich University in three years, graduating in 1899 at the head of his class. He began the work of civil engineering in Boston and remained in that vicinity with the exception of some months, when he worked on the Canadian Pacific Railroad, until March, 1904. He took the civil service examination for civil engineer in New York in 1904 and ranked first in the list. He was the head engineer of the Massachusetts state highway commission from June to September, 1904. In September he went to New York, where he has since held a responsible position as civil engineer on the New York side of the subway from New York to Brooklyn. He was married in 1901 to a young lady from Nova Scotia, who survives him and will come to Stowe with the body. He leaves two brothers, Leon A. Warren and Glenn R. Warren of Stowe. His mother, who was Miss Emma Newton, has been dead nine years. Mr. Warren was a very bright young man and his sudden death is a great blow to his family and friends. No arrangements for the funeral can be made until further news is received.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which, despite the most beneficent environment of soil-of sunshine-and of atmosphere, seemed never to achieve a healthy growth?

A ton of manure will not help a plant that has a canker eating out its heart. You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vasoline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out. Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

BURN PROVES FATAL.

Miss Huldah Howard, of Jamaica, Dead—Details of Accident.

An accident at Jamaica, Tuesday, resulted fatally Thursday, when Miss Huldah Howard, aged 16 years, daughter of Mr. and Mrs. Milton Howard, succumbed to the effects of being horribly burned. The accident happened in a ball room located on the first floor of the building. A large Rochester lamp which stood on a stand on the stage, near the orchestra, was overturned and the oil caught fire. Instead of carrying the lamp to the end of the stage and throwing it out of the window somebody attempted to carry it the length of the hall to throw it through the doorway. In doing so the lamp was dropped on the floor and a quantity of the oil was spilled on Miss Howard's dress. Her clothing immediately caught fire, and she ran around the hall screaming. Several men undertook to stop her, but she was large and strong and evaded them until one young man, a stranger, succeeded in throwing her to the floor. He got his coat partly around her, when she got up and ran through the doorway. She fell exhausted and unconscious on the grass, and again coats were thrown around her and the flames were extinguished. Her clothing from her shoes to her corsets were entirely burned off, and her corsets alone saved the upper part of her body from being badly burned. Her legs and the lower part of her body were burned frightfully, the skin and flesh hanging in shreds. Two physicians were summoned, and they had hopes of her recovery, but the shock to her nervous system was too great for her to withstand.

Refused to Disclose.

Joseph Bellmuer will remain in Chittenden county jail until he changes his mind. He was placed there Friday by Deputy Sheriff Ravin and was later in city court. He was charged with being drunk, but pleaded not guilty. Testimony of officers was taken to the effect that he was drunk. Bellmuer testified that he had been drinking, but he was not drunk. He said he had a row with his wife and she locked him out and that was how the trouble started. He was convicted and fined \$5 and costs of \$18.41.

Accident Policy Worthless.

The case of Robert C. Bacon, administrator of the Winifred Randall estate, against Miss Huldah Howard of Jamaica, was disposed of Thursday at a session of the United States circuit court at Brattleboro. Judge H. H. Wheeler presiding. The suit was brought to recover \$5,000 on an accident policy issued to Mr. Randall. A verdict for the plaintiff was returned by the jury at Rutland, but the circuit court of appeals held that the policy was not in force and remanded the case for another trial, and judgment for the defendant was entered on the records Thursday by agreement of the parties.

Bent Her Double.

"I knew no one for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter of Pittsburgh, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders. At the Red Cross Pharmacy and Parlor Drug Store. Price 50c.
